Candidates achieving between 25 and 39 correct answers may retake the assessment on one further occasion within three months. This is a retake. This means the apprentice should undergo some additional training in order to attempt the assessment a second time. On a retake, an apprentice achieving a score of 40 marks or higher can only be awarded a Pass grade.</li> <li>▪ <b>Professional discussion</b> – 45 minutes, reflecting on prior learning and experience including, where applicable, the candidate’s self-assessment and supporting evidence including testimony from users of services and a sample of standardised candidate questions asked of every apprentice candidate in the interview. Can only be completed after successful completion of the situational judgment test. There is an opportunity to re-sit or retake the Professional Discussion. If a re-take is necessary the maximum award achievable would be a Pass. In exceptional circumstances a re-sit may be arranged and graded as the first Professional Discussion Pass, Merit or Distinction. In the event of either of the above the Professional Discussion should take place within a maximum of 3 months from the original date.</li> </ul>
